WORK EXPERIENCE

Web Developer Coloby

03/2023 - Present

Ibadan, Nigeria

Coloby is an open-source Django application that aids collaboration between small units.

Achievements/Tasks

- At Coloby, I'm a key member of the Frontend Team, collaborating closely with team members, including Backend, UI, and Research, to ensure project success. Working hand in hand with my frontend team, I utilize React.js and Tailwind CSS to design and implement user-friendly interfaces, fostering seamless communication and integration for optimal project outcomes.

Full-Stack Web Developer Hi-Clean Cleaning Services

05/2023 - 07/2023

Ibadan, Nigeria

Hi-Clean Cleaning Services is a professional Nigerian cleaning service company dedicated to providing top-notch cleaning solutions to our clients.

Achievements/Tasks

- I spearheaded the development and launch of Hi-Clean Cleaning Services' fully responsive website, significantly enhancing its online presence. Collaborating closely with the client, I utilized HTML, CSS, and JavaScript for site development, and integrated APIs to improve user experience, featuring a user-friendly booking form, testimonials, FAQs, and a visually appealing image gallery.

Full-Stack Web Developer Fortune Royal Multiconcepts

12/2022 - 02/2023

Ibadan, Nigeria

Fortune Royal Multiconcepts is a premier business workshop provider for professionals across all industries in Nigeria.

Achievements/Tasks

- Directed the creation of Fortune Royal Multiconcepts' dynamic website, enhancing user engagement. Ensured responsiveness across devices, integrated innovative features, and collaborated with marketing for brand alignment. Utilized HTML, CSS, and JavaScript, implemented APIs for optimal functionality, and conducted routine maintenance in coordination with cross-functional teams.

EDUCATION

B.Sc Computer Science Lead City University, Ibadan

09/2021 - Present

Ibadan, Nigeria, 300L

SKILLS

HTML & CSS

Javascript

React.Js

Node.Js

React Native

Python

Git

SQL

Tailwind CSS

MongoDB

Bootstrap CSS / SCSS

PERSONAL PROJECTS

Personal Portfolio Website (09/2023 - 10/2023)

- Launched an engaging personal portfolio website with React.js, showcasing skills, projects, and professional journey. Crafted for optimal user interaction and visual appeal, featuring a Swiper.js testimonial slider. Seamlessly integrated an Email.js contact form and a project gallery spotlighting achievements for a comprehensive view of capabilities.

The 4 Coders - Digital Coding Venture (10/2022 - Present)

- "The 4 Coders" is a dynamic digital initiative on YouTube, Twitter, Instagram, and TikTok, with a mission to share compelling coding narratives, tutorials, and projects. Achievements include a strong online presence, a captivated following, weekly assessments for accountability, and collaborative coding projects for collective skill growth.

Github Projects

- Explore my GitHub page for an extensive list of my projects and coding endeavors. Your interest is greatly appreciated

ACHIEVEMENTS

Enrolled in Angela Yu's Udemy Course: 'The Complete 2023 Web Development Bootcamp' (09/2022 - Present)

Certified in 'The Ultimate HTML5 & CSS3 Series' by Mosh Hamedan (06/2021 - 10/2022)

HUAWEI ICT Academy Certification (Pending)

I'm scheduled to take the professional exam in January 2024.
